FOR PRESIDENT, JAMES A. GARFIELD

Of Ohio.

FOR VICE PRESIDENT,

CHESTER A. ARTHUR,

Of New York.

Secretary Sherman spoke at Chicago on Thursday evening, and had a tremendons meeting.

Democracy to an untimely grave. One of the pleasantest features of the campaign has been the freedom with hich the defeated Republican candidates for President, including Grant, have taken the stump and heartily urged the election of the Republican candidate.

General Grant has made a speech in Boston, in which he declared that by building railroads in Mexico and fostering her interests we might exchange our manufactures for her tropical fruits, for which we now pay \$200,000,000 annually in bullion.

R. H. McDonald, of San Francisco, Cal., offers to give \$100,000 toward the endowment of a Christian University in that city, provided that an equal sum shall be raised by the religious societies there. He stipulates that all persons otherwise meeting the requirements of admission, shall be permitted to enter without regard to religious opinions, nationality, sex or color. This is liberal and such an institution would be a credit to the enterprising city on the Pacific.

Thurlow Weed was asked what he thought of the elections in Ohio and in half a generation. It upset the Con-Indiana. He replied: "The victory in Indiana I regard as an event of greater impor ance and benefit to the country than anything that has happened since the surrender of Lee. I think it settles the Presidential question. It shows that the avowal by Wade Hampton and other leading Confederates that the South was solid, and made so for the purpose of vindicating the principles for which Lee and Jackson fought, has had the effect of making the North solid. The influence of this election will be very great in New York. The interest turns upon this State and in' fact upon this city. The counties outside of New York and Brooklyn will give largely increased Republican returns that can only be overcome by gigantic fraud in New York. If business men who were in the procession Monday evening will give their professional attention to the canvass no such frauds can be perpetrated.

The Herald Jumps the Democratic Party New that It is Down.

NEW YORK, October 14. The Herald says: One thing that struck the Democrats on Tuesday last was a "Solid South." There is no excuse for a "Soud South." It is an aband and offensive anomaly. In 1876. the Southern men had a grievance, and a sensible public made no complaint of their solidity. In 1880 they have no grievance whatever, and the Northern public, which has not patience with mere stupidity, concluded that people who act as Southern men are acting in politics may as well remain in a minority. The Northern voter dislikes mere mulishness. He despises shams, and he believes, and justly, that a "Solid South" is a sham without the least excuse. "What is it solid for?" he asks. "For tariff reform? no; for free ships? no; for economy in public expenditures? not at all; but, on the contrary, it is solid for the Democratic party. That's all. The Democrats now see the result in the October election. The losses of Congressmen in two States are so great that the next House is almost certain to be Republican. The losses of Legislatures involves losses of Senators and general defeat, which, unless the Republicans make some conspicuous blander, will turn the floating and Independent vote members of the Knights of Pythias

ADDRESS OF THE CONGRES SIONAL COMMITTEE.

The Republican Congressional Committee have issued the following to the Republican voters of the United States: We have met the enemy and they are ours. From Oregon, from Rhode Island, from Vermont, from Connecticut, have come recent reports bearing no uncertain sound, but booming and ringing with the notes of Republican victory; and now Ohio, giving us at least 25,000 popular majority and sixteen of her twenty Congressional Districts, and Indiana, giving us from 5,000 to 10,000 majority and probably nine of her thirteen Congressmen and her Legislature, with its certain promise of a Republican United States Senators, join their swelling voices with those shouts of triumph and seems to make our coming victory sure. The vote of Wednesday is due to the fear of the Democratic ascendancy, of the Solid Southern domination, of Nationals being classed with their the ruin to our industries which would parties. NEW YORK, Oct. 14.

The World, after claiming Indiana till it was no longer possible, confesses that the result is unsatisfactory, but declares that the State will vote for Hancock next month.

The Tribune says: The experiment of putting the meanest man in the United States on the Presidential ticket has proved a brilliant success. The Indiana Supreme Court soiled its ermine for the sake of a partisan advantage, and has seen that every action offering the Republicans a chance for giving its friends the soundest drubbing they have had stitution to gain a trick, and finds that it has lost the whole game, for the State and Nation too.

The Times says: The Democrats are evidently much annoyed by the overwhelming defeat they have suffered, and much talk has been indulged in regarding a proposition that English, candidate for the Vice Presidency, should now be forced to retire and allow a Democrat of greater popularity to enjoy the doubtful honor.

The Sun says of the result in Indiana: This is a great surprise to the Democrats and as great a blow as the Maine election was to the Republicans. It turns the probabilities of the case in favor of the election of Garfield; but i the Democratic managers will draw from it the lesson which the Republicans drew from Maine and go to work A FINE LOT OF COODS. with zeal, energy and resolution, they can reverse this probability.

A Methodist Conference Ning the Doxology Over the Republican Triumph in Indiana.

CHICAGO, October 14. In the Rock River Methodist Conference this morning a dispatch was read announcing the great Republican victory in Indiana, and the Conference became wild with excitement and sang the "Doxology." Dr. Luke Hitchcock said they would be criticised for the demonstration, but he believed it was an escape from civil war and he felt that this religious assembly should lift its heart in praise to God in the use of the glorious "Doxology." [Cries of "amen." Oue thing was clearly indicated by the returns—the insignificance of the Greenback party and the loss they have sustained everywhere.

The Republican Central Committee of Lyon county have acceded to the withdrawal from the ticket of Theodore Vinson, the candidate for State Senator, and nominated T. P. Mack, foreman of the Excelsior mill, to fill the vacancy thus created.

When track-laying begins on the Carson and Colorado narrow-guage road the work will be pushed at the rate of about three miles per day.

Some seventy of the Comstockers in all the States three weeks hence went last night to Dayton to institute a bodily over to the Republican side." Lodge of the Order there.

How the Forty-Seventh Congress will Stand Politically...

A Chicago dispatch of the 11th reads

The Senate of the United States now stands: Democrats, 43; Republicans, 33. On the 4th of March next the terms of 25 Senators expire. The Republicans expect to gain 6 Senators, at least, in the coming elections, as follows: One in Ohio, Connecticut, New York, Pennsylvania. New Jersey and Indiana They will lose one in Mississippi. The Demograts lose one in Virginia, as the Senator elect is avowedly independent. Davis, of Illinois, is classed as a Demo-The score then stands: Republicans, 38; Democrats, 37; Independent, 1. The combined opposition would make the Senate a tie, and Vice President Arthur would have the casting vote, and it is pretty certain that without Mahone the Republicans may control all the committees and gain the

uscendancy in the Senate. The present House has 156 Demo crats and 135 Republicans and 2 straight-out Nationals, all the other over the Republicans and Nationals only 5. The Republicans have gained 8 Congressmen in Ohio and Indiana. one in Oregon.—ED. JOURNAL.] [Anď This alone would wipe out the Demo cratic majority and make their plurality only 3; but everything indicates the loss of many more Democratic seats. Thus, with the election of the Republican ticket, the three branches of the Government will be Republican.

In you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of the State. Everything we have is new. No old, musty and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and seld at prices below those now may along in New York and Chicago. Let the sold at prices below those now prevniling in New York and Chicago. Let the people come and judge of our prices and examine our stock before going to people come, and judge of our prices and exhibite our stock before going to those humbugging, Cheap John shops, in which they drum into the ear of a customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish felsehoods in the vain bope of deceiving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of our specialties.
